

Eligibility

A student with a **school-documented disability** may apply for special testing accommodations for a national or international SSAT administration. Only students who can provide school documentation that verifies that they routinely receive special accommodations in their current school setting will be approved.

Special accommodations are not available for temporary disabilities, such as a broken arm.

Students requesting only **extra time**, if it is routinely permitted in their current academic setting, may apply for a standard 30-minute extension to the end of the test.

Students with **other requirements** may also apply for special testing accommodations. With SSAT approval and evaluator verification, additional accommodations may include:

- Permission to mark answers directly in test booklet
- Large print test booklet and materials
- Use of laptop computer with spelling aid for writing sample
- Extra Time (1.5 x standard time per section).

Requests for Extra Time Only (30-Minute Period)

Deadline for Application:

- Application form must be received by SSAT **two weeks before test date** (late registration deadline).

Required Documentation:

- **Special Testing Application (A)**, signed by an official at the student's current school, which verifies that the student is routinely permitted additional time for testing at the school.*

Test Sites:

- Extra time (30-minute period) available at all scheduled national test sites listed on pages 15-19.

Approved students will be provided an additional 30-minute period at the end of the test, during which time they may work on any of the four multiple-choice sections of the test (writing sample excluded). Students must remain in the test room for the full 30-minute test period. Total testing time: 3 hours, 5 minutes (plus breaks).

Students granted this accommodation may be tested in the main testing area, or in a separate group, at the discretion of the administrator. Separate or individual testing is not guaranteed or implied.

Please Note:

- Students approved for use of additional equipment (such as laptop, calculator or spelling aid) must provide their own equipment.
- Students approved for use of a laptop during the writing sample portion of the test must provide their own disk or CD and save a copy of the essay on the disk/CD as a text (.txt) file. If possible, a copy of the essay should be printed at the test site.
- Students approved for assistance by an individual in addition to the regular proctor (such as reader or scribe) are responsible for providing a non-family member (such as tutor, counselor or other academic professional) for this purpose.
- Students with diabetes may or may not need to be approved for Special Accommodations, depending upon their needs. Please visit www.ssat.org and review the Special Accommodations section for complete information.
- Students who are home-schooled should contact SSAT regarding documentation requirements.

Special Accommodations Approval Letter

After your accommodations request has been received and approved, SSAT will mail a Special Accommodations Approval letter to you.

Your approval letter includes:

- student information and SSAT registration ID
- assigned test center
- approved accommodations
- test day instructions

Your admission ticket will be mailed separately. Be sure to bring both your admission ticket and approval letter with you to the test.

Review your Special Accommodations Approval Letter to ensure that your student information is accurate. Contact SSAT at info@ssat.org with corrections or if you do not receive an approval letter.

Requests for Other Accommodations

Deadline for Application:

- All documentation must be received by SSAT **three weeks before test date** (regular registration deadline).

For flex registrations, documentation is due two weeks prior to the test date.

Required Documentation:

- **Special Testing Application (B)**, signed by an official at the student's current school, which verifies that the student is routinely permitted the requested accommodations at the school.
- A copy of the school's IEP (or equivalent) that qualifies the student for the accommodations requested. See form for more information and restrictions.*

Test Sites:

- Limited availability; select a site from the list on pages 22-24.
- Sites and seats for the 10/15/11 test are extremely limited. Online registration is recommended to determine availability.
- Approved students are tested together in a classroom separate from the main testing group.

Special Testing Accommodations

Deadlines

- Online registration is available for Special Accommodations candidates. However, proper documentation must be received at SSAT by the posted deadlines.
- Submit application materials as early as possible; not all requests may be approved for the date/site requested.
- If you have been approved for accommodations for the SSAT between 8/1/11 - 7/31/12, you do not need to resubmit an application.

When you register, be sure to indicate that you would like to receive the same accommodations, or send a written request to SSAT by e-mail, mail or fax, so that it is received by the special accommodations deadline for the new test date. Provide the student's name, date of birth, original test date with approved accommodations, and the new test date.

- SSAT reserves the right to reschedule special testing to an alternate date or site.
- Late or incomplete forms will be returned by US Mail and may delay testing.

Application Instructions

1. Select an eligible test site. A list of available test centers is available on the following pages.
 2. Have an official at your current school complete one of the two Special Accommodations applications and provide required documentation, if necessary.
 3. Submit the following documents to SSAT:
 - SSAT Special Testing Application A or B, signed by an authorized administrator
 - Required documentation* (IEP, 504 plan, etc.), as described on the application form.
- * *Application B only - required documentation must be received with the application.*

Special Testing Accommodations Application (B) Deadlines

Test Date	Registration Deadline
O October 15, 2011	September 23
N November 12, 2011	October 21
D December 10, 2011	November 18
Ja January 7, 2012	December 16
F February 4, 2012	January 13
M March 3, 2012	February 10
A April 21, 2012	March 30
Ju June 9, 2012	May 18

Applications and registrations must be received at SSAT by registration deadline.
